

BHAVESH PANDOLE

86, Balaji Parisar Nanakheda, Ujjain • bhaveshpandole2@gmail.com • linkedin.com/in/bhavesh-pandole • +91 8878872769

I am Bhavesh Pandole, I am a recent graduate from the Institute of Computer Science and Technology. I have strong foundation in programming and software development and OOP principles. I am proficient in Python and experienced in creating dynamic programs. My analytical skills and attention to detail enable me to contribute effectively to projects and support organizational goals.

Education

Institute of Computer Science, Vikram University, Ujjain
Bachelor of Computer Applications (Honours)

CGPA: 8.10
2021 - 2024

Bharti Gyanpeeth, H. S. School, Ujjain
Higher Secondary Certificate

Percentage: 54.8

Bharti Gyanpeeth, H. S. School, Ujjain
Secondary School Certificate

Percentage: 54.6

Experience

- **Personal Project:** Developed a Python-based virtual assistant that automates web tasks using voice commands (e.g., opening websites, playing music).
- Participated in code reviews and contributed to improving code quality and performance.
- Gained hands-on experience with version control using GitHub and development tools like VS Code and Cursor.
- Explored vibe coding to enhance creativity and flow in problem-solving and coding practices.
- Worked as a Graphic Designer & Editor for Nature's Ark Beauty Products Pvt. Ltd.

Technical Skills

- **Languages:** - Python, Django, HTML, CSS, C Language, ASP.NET
- **Tools:** - GitHub, VS Code, Cursor, PyCharm, Jupyter Notebook, Vibe Coding, Power Bi Desktop, Blender, Canva

Projects

- **Virtual Assistant:** A virtual assistant is a software agent that can perform tasks based on user input. E.g., include Siri, Alexa, or Google Assistant. In my **Python** project, the assistant might: Open websites (LinkedIn, YouTube, Google page, Git profile, Facebook) and play online music by voice command.
- **Consultancy Website:** Developed a dynamic consultancy website featuring five web pages: Home, About, Services, Contact, and Registration. Utilized **HTML/CSS**, and **JavaScript** for responsive frontend design, ensuring an engaging user experience. Implemented **Django framework** with **SQLite3** as the backend to handle data management and storage. Designed forms on the Contact and Registration pages to securely capture and manage user data through Django's ORM, showcasing end-to-end web development skills.
- **Edu-faith Quiz Game:** (Developed an interactive quiz game using **HTML, CSS, JavaScript**, featuring timed questions, score tracking, and dynamic feedback to enhance user engagement and learning.)
- **ICSVVU 2.0 College Website:** (Designed and developed an interactive, futuristic-themed college website using **HTML/CSS**, featuring dynamic visuals, hover effects, and responsive design to showcase college cinematic video for creative storytelling and connecting students).

Certification

Salesforce Platform Developer I (LWC & AURA also)
An Internship at Drishya Production
Microsoft Power BI

Udemy
08 Jun 24 – 31 Dec 24
Great Learning

Key Strength

Detail Orientation | Strong Problem-Solving | Adaptable and Versatile | Time Management
